COLLABP

CORE CAPABILITIES

Production-grade engineering for U.S. public-sector clients.

01 AI & Generative Intelligence

Production agentic AI, RAG architectures, GenAI copilots, intelligent automation. One deployed agent handles 50K+ daily interactions across web, app and SMS channels.

02 Cloud & Platform Engineering

AWS GovCloud and Azure Government migrations, Kubernetes, microservices, U.S. data-residency architectures. NIST 800-53 framework active.

03 Civic Mobile & Web Portals

Citizen-facing iOS and Android apps. WCAG 2.2 AA government web portals. 311, transit, DMV, parks, emergency notifications, constituent engagement.

04 Enterprise Applications

Microsoft Dynamics 365 CRM for constituent management. ServiceNow ITSM, CSM and GRC for government. SAP integrations. Salesforce Public Sector Solutions.

05 Data, Analytics & Modernization

Legacy system replacement, data lake architectures, real-time analytics dashboards, natural-language BI. Bilingual data pipelines where required.

06 SLED Bid & Tender Intelligence

CollabP-trained tender analysis, compliance auditing, proposal writing, capability-statement preparation and submission engineering. All work under mutual NDA.

PROCUREMENT CODES & CREDENTIALS

Registered. Active. Ready to contract.
